

Dear Hiring Manager,

I am writing to express my interest in the Senior Backend Developer position at your esteemed company. With over 5 years of experience in building scalable applications, I am eager to contribute my expertise in **Node.js**, **Python**, and **RESTful APIs** to your team.

I am particularly drawn to this role because of your company's commitment to innovation and efficiency in technology. I believe my passion for leveraging modern technologies aligns well with your vision. My experience in designing and developing scalable backend services, coupled with my proficiency in **AWS** for cloud-based deployment, positions me as a strong candidate for this role. I have successfully built and maintained **RESTful APIs** to ensure seamless integration with frontend applications, which I understand is crucial for your development processes.

In my previous roles, I led the development of backend services with a focus on scalable architecture, integrating **AI technologies** to enhance functionality and user experience. I am confident that my collaborative approach, having worked closely with frontend developers, will contribute significantly to the success of your projects.

I am excited about the opportunity to bring my background in backend development to your team and contribute to your company's goals. I look forward to the possibility of discussing how I can support your initiatives further. Thank you for considering my application.

Sincerely,

Ihsan Faridi

Senior Backend Developer
